To: Vicki Howard [REDACTED]

Dear Brisbane Ward team,

I recently learned that Newstead is being looked at to be carved off the Brisbane Ward and moved to Hamilton.

I live in the ward at [REDACTED]

I work in the ward at [REDACTED]

I store our office files in the ward at [REDACTED] at Newstead.

Surly no one who understands the vibrant and integrated community that is Brisbane, the Valley, New Farm, Newstead and Teneriffe is not served by cutting a swathe through its growing pocket of residents.

I am strongly opposed to cutting into our community and making it part of Hamilton.

That misses what our multiple hubs and village experience is all about.

Please reconsider QEC.

MARGARET LANGFORD

I would like to voice my objection to the idea of the change of electoral boundaries for Newstead.

The suggestion that Newstead be segregated from Teneriffe in this way is very disturbing. We share so much in common, we share all the traffic coming through our streets, all the cyclists, the parents with young children, the same coffee spots and yet could not call ourselves part of the same.

The boundaries that are normal for electorates are all in place - the major roadway, the river, the creek are all there. To remove Newstead to the other side of these markers of normal boundaries is ludicrous and quite unfair.

I object very strongly to the possible proposal.

Penny Brockett

It is ludicrous to consider moving Newstead into the Hamilton ward.
Central ward is less than 200 enrolments out of the upper boundaries, who carwes. Only 6 months ago it was well under the upper boundary of 32,495 enrolments.
It is BBC's own fault allowing so much development hence increased population in areas such as Newstead. It's out of control frankly.

Community of interest for Newstead should be aligned with Central Ward suburbs such as Teneriffe and Bowen Hills more so than Hamilton and Ascot. Newstead needs to stay within Central ward.

Kind regards,

Peter Aardoom

Hi Vicki,

I totally agree that Newstead should stay as part of Central.

As President of the ANFE Italian Club, in the past, our street was divided in two with one side (where we are located) being part of the Hamilton ward and the other side of the street as part of the Central ward. Many times when we needed assistance with parking or traffic issues, after we contacted the Hamilton ward office, we were referred to you and you sorted things out very quickly.

Due to the close proximity of Newstead to New Farm, we strongly believe that Newstead MUST definitely stay in Central to receive the adequate attention only a local councillor who is on the ground 24/7 in our area can provide.

Yours sincerely

MARIA MARUCA
President

ANFE Italian Club

Hi Vicki

As a resident of Newstead, I completely agree Newstead should be kept in central ward.

Majority of the residents I know in the area works in the area or in the CBD area. We based our daily lives around this and I see no reason why this should be changed.

Kind regards
Johnny

Additional Notes: WHEN NEWSTEAD WAS PART OF
HAMILTON IT WAS NEVER INVOLVED OR CONSIDERED
OR VISITED BY THE COUNCILLOR WHERE AS
VICKI HOWARD HAS BEEN INVOLVED & RESPONSIVE

Dear Sir/Madam

Attached is a completed survey.

We strongly believe that Newstead should remain in Central, since if it became part of Hamilton, it would be an isolated pocket remote from Hamilton due to a major road, creek, open space, industrial area and topography.

[REDACTED]

Vicki Howard has been completely the opposite, always approachable and appreciates that Newstead is an integral part of the Teneriffe and New Farm. Indeed Newstead is becoming a major retail, commercial and recreation precinct for the entire peninsula, supported by an ever increasing residential population which has no relationship with Hamilton.

It is also part of the Teneriffe transport hub with high rise residential to increase the density near this important node. Therefore it is important to manage and treat Newstead as part of Teneriffe.

Hamilton is a complex area with a diversity of competing and developing nodes which logically take the focus of the councillor in that area.

Yours Sincerely

Christopher and Margaret Wren
