Dear Sir/Madam

Being a resident of Parrearra I am totally against the removal of my suburb from the Kawana Electorate. I currently have good access to my local Member and the proposed electoral boundary change would result in many disadvantages to the residents of Parrearra. Having to travel to Buderim (particularly by public transport) would be difficult and time consuming and would exclude many residents from being able to have easy access to their local Member - which is our right.

Yours faithfully

Dorothy Buchanan

I strongly object to the proposed electoral boundaries changing Minyama, Buddina and Parrearra out of the Kawana electorate. It makes no sense at all to have these coastal districts incorporated with Buderim. If we need to meet with our MP then we would have to travel to the top of Buderim. This area has been going since the 60's. For heavens sake why fix something that's not broke(broken)? I have spoken with many in other electorates here on the coast and they all think that Kawana to Buderim is a frivolous change. How much representation will we actually get? Very little is the answer!

To Whom it may concern, I am writing to you today to object to the proposed boundary changes of the Kawana electorate. Kawana and Buderim are very much different communities one is beachside the other is the hills, these different area's come with very different environmental issues. The Kawana electorate should continue to contain key community places such as the Kawana Scout Group, Kawana Ambulance Station, Kawana Community Centre, Kawana Surf Lifesaving Club, Kawana Waters RSL Sub-Branch, Kawana Shoppingworld and Buddina State School. I am concerned by moving Minyama, Buddina and Parrearra into the Buderim electorate the community will loose a voice and be overlooked in the future. Residents should not have to travel such a distance to reach their local MP. Kawana needs to stay Kawana.

From: Ron Wood
To: [Boundaries](#)
Subject: Re: Comments on submissions and objections about the Electorate of Dalrymple.
Date: Friday, 17 March 2017 3:59:15 PM

To : The Secretary
Queensland Redistribution Commission.
boundaries@ecq.qld.gov.au

From
Laraine and Ronald Wood
16 Prior Close,
Upper Barron 4883

Our comments on any submissions and objections about the Electorate of Dalrymple in being made a non-existent electorate and about our State Member of Parliament Shane Knuth being moved from his electorate, and about supporters of Katter's Australian Party in this proposed electorate of Hill, being without representation from a Katter's Australian Party representative.

Comment; This would mean people in our Region, especially the people on the Land in this area of Dalrymple would lose vital representation from Shane Knuth MP from Katter Australian Party in this *proposed* Electorate of Hill? Shane is a hard worker who has spent vital time building up his electorate with his people in this region and we have heard and found only good reports of his concern and responses both immediate and long term.

In the Tablelander newspaper 28.2.2017 it states that the Dalrymple electorate is the only seat to be abolished under the proposed new electoral boundaries and 4 new seats added in the South East.

And Mr Knuth with his Electorate Dalrymple to be the only one to be removed and from rural and regional Queensland.

This being not the first time Mr Knuth's seat has been redistributed out from under him. The first time Mr Knuth experienced a redistribution was in 2009, when the Charters Towers Electorate was scrapped and Dalrymple was created.

Under the proposed redistribution of Dalrymple being scrapped after

having been established in 2009. This does not appear to be making much sense by establishing then abolishing.

Mr Knuth has won the popular vote three times against his opponent in his electorate of Dalrymple which says a lot about what the people want.

Comment; It is understood, that every few decades the boundaries are altered to accommodate the growth of the population.

In the Eacham Times paper 28.2.2017. Shane Knuth has objected to the severity of the change saying, 'There was no need to make these drastic changes only minor adjustments were needed.' If this is the case then what minor adjustments could be made?

Comment; People in this Electorate who know and vote for and seek help from Shane Knuth Member of Parliament from the Katter's Australian Party would have to choose another State Electoral Candidate. What are the options for voting in this *proposed* Hill Electorate for Katter's Australian Party?

Comment; This proposal of redistribution could be revisited again in terms of demographics i.e.; the square kilometres in conjunction with the high cost of transportation, fuel and precious time which equates to dollars for whoever is in these larger electorates especially the *proposed* Electorate seat of Traeger.

Comment; Would this also mean people in Shane's offices would be without a paid jobs? Does this mean that there will be even more people on social security? When the economy is struggling and the people are struggling why the added burden of the cost of such a drastic change? With this renaming it appears to be unfair on we the people as well as Shane Knuth.

Comment; Would this put Shane Knuth, a Katter Australian Party representative, in a different electorate where he may get fewer votes and where he would not be as well known? This action of redistribution would place Shane back in his home town Charters Towers and in the *proposed* Electorate of Traegar where there is another Katter Australian Party Candidate, this does not seem logical at all. Where does this leave Shane Knuth MP without an electorate seat? Has this been thought through sufficiently? Shane is very much involved with the Country folk and with experience within many industries and with empathy for the landholders.

Whoever thought up the suggested change to boundary for the Kawana Electorate has obviously never visited this area. People living in Minyama, Buddina and Parrearra shop and live in the same community as the residents Warana, Bokarina, Wurtulla and Birtinya. Surely the names associated with Kawana such as the Scout group, Ambulance Station, Community Centre, Surf Lifesaving Club, RSL Sub-Branch and Kawana Shoppingworld should give some indication where the boundary should be. I have lived in Parrearra for 13 years and do not associate with Buderim except for occasional specialist Medical and the occasional game of Bowls. Buderim is a nice place but is not part of my community. I urge you to reconsider the proposed Boundary changes to better reflect the community in which the residents live.

My family and I have lived in Minyama for over 20 years my children went to school here and have worked here, I would never in a million years consider this area to be in the Buderim electorate, Buderim is in the hills we are on the beachfront, what an insult. Why is it that since we are now expanding with the hospital and better shopping centres, that we have all played a part, in some way, developing, my husband has piped that hospital, that we should now, in its opening be told this is no longer our electorate. We have all played a part in its development and I refuse to be known as any other electorate. Why would anyone, in Buderim electorate, want to even know what we need down here, its lunacy. As we expand I want to go with the expansion I do not want to be cut off from it.

Date: Friday, 17 March 2017 4:42:59 PM

I am VERY concerned about proposed changes to Kawana Electorate as I don't feel ANY affiliation to Buderim..Chancellor Park however certainly do.

I have lived in both areas so am aware of this..

Minyama & Buddina areas are older than Chancellor Park therefore Ch PK's population is more likely to grow thereby increasing their need for Electorate redistributions in the future, while the Kawana Electorate will remain as status quo.

I also feel a Buderim MP wouldn't have a full insight into Kawana (which is where Minyama & Buddina are situated) issues eg Public Transport, Sporting & Community Organisations.

Dear Commission,

My wife and I do object to the proposed boundary change.

We live in Minyama, within walking distance of the Kawana Shopping Centre, Kawana Hotel and many other places within Kawana Waters.

We do feel that Minyama is a natural and intended part of Kawana Waters.

Buderim is a place removed from our coastal suburb and life style, and to have our local representative removed to Buderim, seems like a negative move to us.

Hoping that you will take these thoughts into consideration.

Yours,

Robertus and Elisabeth van Eyk

Subject: Objection
Date: Friday, 17 March 2017 4:45:18 PM

To Sir/Madam,

We wish to register our objection to the electoral boundary changes proposed for the Kawana electorate by the QRC.

The Kawana electorate is predominately a coastal urban electorate and in our opinion there is a real disconnect between this area and Buderim which has its own and seperate identity and issues.

The suburbs within the Kawana Waters area are coastal suburbs and our community organisations as well as major shopping and entertainment precincts are also connected closely together within Kawana Waters .
Redistributing these suburbs will alienate the residents for no worthwhile purpose.

Please reconsider the redistribution.

John and Bev East
3 Mykonos Court
Parrearra Qld 4575

From: Terence Bull
To: [Boundaries](#)
Subject: Proposed Boundary changes for Kawana
Date: Friday, 17 March 2017 4:56:53 PM

My wife and I live in Buddina and we have several major objections to the proposed excision of Buddina, Minyama and Parrearra from the Kawana electorate and their addition to the Buderim electorate.

1. We feel that this is a retrograde draft proposal which, if implemented, will isolate us from the broader and well established coastal community between Mooloolaba and Caloundra. This is a community with which we have similar lifestyles and well established common social, organisational, developmental and representational requirements.

2. Neither my wife and I nor our community at large have any common linkages with Buderim. None of their established community groups and support organisations have any representation from our coastal communities, and vice versa. There are few if any cultural or business connections between Buderim and the coastal communities. They are a hinterland community with far different social and developmental needs from the coastal strip.

3. Establishment of the local MP's office in Buderim will result in even further disconnect for coastal residents due to the inconvenient travel distance involved when seeking advice/assistance/representation. The current location of the MP's office in Minyama is central to a functioning contact between all coastal residents and their representative. Public transport links from the coast to Buderim are neither convenient nor inexpensive. Even driving up there is totally inconvenient, not the least because parking is a major difficulty often requiring an appreciable walk to relevant shops or services - a task to be avoided.

4. Over the years we have developed a rapport with Jarrod Bleijie and his helpful staff in addressing matters of import to us, our neighbours and the Kawana community in general. We have no desire to engage with a new member who has little or no direct contact with our local area.

5 We see no advantage for Buddina, Minyama and Parrearra residents to be attached to the Buderim electorate. In fact we see this as a truly detrimental suggestion which will reduce our representation and severely disadvantage our communities in the short and longer terms. In our view and those of our neighbours this is a ridiculous proposal which should be discarded forthwith before it irrevocably adversely affects the residents of the current electorate of Kawana.

Sincerely

Dr and Mrs TA Bull

I totally object to the change of boundary being made to the Kawana boundary which has impact on the movement of not only my property of residence but also my rental property at 17 Tarawa Street. Parrearra (Kawana Island) to be moved both to Buderim. We live in Kawana not Buderim. In fact I have no connection with Buderim. I do not shop there nor frequent any of their businesses. How can being attached to Buderim be in our best interest? How on earth can Kawana boundary not include Kawana shopping-world , Kawana Scout club, Kawana Ambulance station, Kawana Community centre, Kawana Library, Kawana Surf life saving club, Kawana Waters pub, Kawana Rotary, Kawana Waters RSL sub-branch, and Buddina school to name a few. These organisations could be forced to compete with existing Buderim organisations for funding, membership and volunteers. I have lived in Minyama for 23 years and have watched the area develop and flourish with growth and this is around the local residents supporting local businesses. Kawana Waters shopping centre had one building and with demand now competes with the Sunshine Plaza. There is nothing to be gained by this change but to cause a disconnect when we are a strong Kawana community with our local Kawana services and organisations in place.

We totally object to this new proposal of boundary Redistribution which affects us on Kawana Island/Parrearra and moves us into the Buderim electorate. Our objection is supported by the following: 1/ The Kawana electorate is a coastal electorate. There is NO connection with the Buderim electorate and Kawana residents depend on the existing cultural and social communities within this area. 2/ Parrearra and Kawana Island are totally connected with Birtinya, Bokarina, Warana and Wurtulla. Dislocating Minyama, Buddina and Parrearra does not make sense. I feel that this is simply a 'land grab attempt' at a political level. 3/ Moving Parrearra to Buderim electorate will cause us to loose local representation and will force us into an electorate that has no connection with our existing cultural and business connections....not to mention the differences between coastal and hinterland social needs. We sincerely hope that our objections are noted and at the end, a sensible attitude of leaving things as they are is achieved. yours Faithfully Norman Vitelli

1. Kawana Waters is an unofficial place name for a coastal stretch of land between Mooloolaba and Caloundra. Our area has been known as KawanaWaters since the early 1960's and is used by everyone as the commonly referred to name of our area. I don't believe the QRC has properly taken into consideration the strong communities of interest that are contained in the Kawana Waters region. 2. Within the Kawana Waters area lie the suburbs of Birtinya, Bokarina, Buddina, Minyama, Parrearra, Warana and Wurtulla. Removing Minyama, Buddina and Parrearra from Kawana disconnects the intended grouping of this coastal stretch of suburbs that make up Kawana Waters. 3. One of the connecting features of our community is Kawana Beach, from Point Cartwright to Currimundi Lake, 10 Kilometres of white sand. 4. Since 1959, Kawana has developed into a thriving community. We are serviced by wonderful community organisations including the Kawana Waters RSL Sub-Branch, Kawana Waters Surf Lifesaving Club, Kawana Library, Kawana Scouts, Kawana Community Centre, Kawana Rotary Club, Lake Currimundi-Kawana Lions Club, Kawana Waters Chamber of Commerce, Buddina State School, Minyama Neighbourhood Watch, Kawana Companions, Kawana Seniors and the Kawana Island Residents Association to name but a few. These community organisations have no connection with the Buderim community and may be forced to compete with existing Buderim-based organisations for funding, membership and volunteers. Please don't move our respected, well used and much loved community organisations to Buderim. 5. I am concerned that by moving Minyama, Buddina and Parrearra into the Buderim electorate, the suburbs and residents will lose true local representation and be forced into an electorate they have no cultural or business connection to. Residents will be forced to drive to the top of Buderim to see their local MP which will result in less engagement between the community and its representative. 6. The electorate of Kawana is predominantly a coastal urban electorate. Buderim falls between the business districts of Maroochydore and Nambour. There is no connection between the coastal urban suburbs of Minyama, Buddina and Parrearra and the Buderim electorate. These coastal-based urban communities are culturally and socially connected with Kawana. Redistributing these Kawana suburbs to Buderim will alienate the residents who strongly rely on Kawana for their work, business, social, educational, medical, community, sport, cultural and shopping needs. 7. Our major shopping and entertainment district is located at the Kawana Shoppingworld and Kawana Waters Hotel which should naturally remain in the Kawana electorate. Kawana Shoppingworld also acts as a major public transport hub, linking directly with the Sunshine Coast University Hospital as well as all other bus routes operating throughout the Kawana electorate.

1. Kawana Waters is an unofficial place name for a coastal stretch of land between Mooloolaba and Caloundra. Our area has been known as KawanaWaters since the early 1960's and is used by everyone as the commonly referred to name of our area. I don't believe the QRC has properly taken into consideration the strong communities of interest that are contained in the Kawana Waters region. 2. Within the Kawana Waters area lie the suburbs of Birtinya, Bokarina, Buddina, Minyama, Parrearra, Warana and Wurtulla. Removing Minyama, Buddina and Parrearra from Kawana disconnects the intended grouping of this coastal stretch of suburbs that make up Kawana Waters. 3. One of the connecting features of our community is Kawana Beach, from Point Cartwright to Currimundi Lake, 10 Kilometres of white sand. 4. Since 1959, Kawana has developed into a thriving community. We are serviced by wonderful community organisations including the Kawana Waters RSL Sub-Branch, Kawana Waters Surf Lifesaving Club, Kawana Library, Kawana Scouts, Kawana Community Centre, Kawana Rotary Club, Lake Currimundi-Kawana Lions Club, Kawana Waters Chamber of Commerce, Buddina State School, Minyama Neighbourhood Watch, Kawana Companions, Kawana Seniors and the Kawana Island Residents Association to name but a few. These community organisations have no connection with the Buderim community and may be forced to compete with existing Buderim-based organisations for funding, membership and volunteers. Please don't move our respected, well used and much loved community organisations to Buderim. 5. I am concerned that by moving Minyama, Buddina and Parrearra into the Buderim electorate, the suburbs and residents will lose true local representation and be forced into an electorate they have no cultural or business connection to. Residents will be forced to drive to the top of Buderim to see their local MP which will result in less engagement between the community and its representative. 6. The electorate of Kawana is predominantly a coastal urban electorate. Buderim falls between the business districts of Maroochydore and Nambour. There is no connection between the coastal urban suburbs of Minyama, Buddina and Parrearra and the Buderim electorate. These coastal-based urban communities are culturally and socially connected with Kawana. Redistributing these Kawana suburbs to Buderim will alienate the residents who strongly rely on Kawana for their work, business, social, educational, medical, community, sport, cultural and shopping needs. 7. Our major shopping and entertainment district is located at the Kawana Shoppingworld and Kawana Waters Hotel which should naturally remain in the Kawana electorate. Kawana Shoppingworld also acts as a major public transport hub, linking directly with the Sunshine Coast University Hospital as well as all other bus routes operating throughout the Kawana electorate.

Text:

It would be such a shame to move the boundary and take my suburb, along with others, out of kawana and into the Buderim electorate. Kawana has a strong community base and Buderim is a very different community to kawana. Making this change would be a mistake as Buderim is so different to kawana and I think it's important to keep the coastal suburbs including my suburb of Minyama in the kawana electorate. PLEASE DONT DO IT!

Subject: Kawana Electorate Boundary Change
Date: Friday, 17 March 2017 7:13:05 PM

To Whom It May Concern,

I'm writing to object to the Kawana electorate boundary changes as suggested by the QRC. As a residents of Buddina my family and I identify as Kawana locals. We have no connection or association with Buderim. Kawana based community services should not have to compete for funding with Buderim. The suburbs proposed to be realigned contain a large number of Kawana community services and removing these suburbs from Kawana would be detrimental to the community. Don't take away our identity.

Text:

There is no cultural or social connection between Buderim and kawana. The community in kawana is very tight knit and is inspired by being so close to the coast. Buderim feels like it is so removed from us here in Buderim with very differnt local political issues to us down here in Minyama, parrearra and buddina. removing Minyama, parrearra and buddina from kawana and into Buderim seems ridiculous to me. What about the kawana beach? It stretches from point Cartwright to currimundi lake - it's part of kawana and always will be. Please don't change the boundaries!!!!

Peregian Springs Residents Association Inc

81 The Avenue
Peregian Springs QLD 4573

17 March 2017

The Secretary
Queensland Redistribution Commission
GPO Box 1393
BRISBANE QLD 4001

On behalf of the Peregian Springs Residents Association I would like to strongly endorse the proposal for the new state seat of Ninderry (p 181, *Proposal for the Redistribution of the State's Electoral Districts*, February 2017) and in particular the inclusion of the whole Peregian Springs location within the new electorate.

Peregian Springs is a well-defined location in terms of geography and common community interest. At present this community is split in an arbitrary manner and is partly located in the Noosa electorate and partly in Nicklin.

The recommendation contained in the proposal document will address this anomaly and as such properly reflect the report's desire that it "helps encompass some of the growth from both the northern and southern ends of the Sunshine Coast, maintaining strong communities of interest and alleviating enrolment pressure from along the coast".

We would like to commend the Queensland Redistribution Commission for its work generally on the review of Queensland's Electoral Districts, and specifically, on its recommendation in relation to the creation of the new Ninderry electorate and the localities included within.

Greg Smith
Secretary, Peregian Springs Residents Association Inc

In regards to the proposed boundary change for the Kawana electorate, it seems a very poor and uneducated decision to move the boundary of a number of Kawana-Waters based suburbs to become part of Buderim, for a couple of reasons. The first being that Kawana is primarily known as a suburb of Rockhampton, while Kawana Waters is the estate on the Sunshine Coast. This has been common knowledge for many decades, however when it comes to modern business, Google does not comprehend this. So the idea of two regions known as 'Kawana' in one State is bound to cause confusion. The second, Buderim and it's people are very different to those closer to the coastal area of Kawana Waters, and the fact that many of the beach-based services such as the Kawana Surf Club, Kawana Waters Shopping Centre, Kawana Waters Ambulance, etc are not used by Buderim residents and would not be supported by them. Wouldn't it be better keeping these services in the Kawana Waters boundary? It just makes painfully obvious sense, that it makes me wonder if anyone local actually pondered this decision. We already have very little support from our local Member in getting community-related issues fixed in Kawana Waters. I feel the shift to Buderim will just make things worse.

We wish to make a submission objecting to the proposed changes to the boundaries of the Kawana electorate. We live on Kawana Island, shop at Kawana Shopping World, attend Kawana Library, have our local Club Fairs at Kawana Community Hall, dine at Kawana Hotel and Kawana Surf Club. We access our residential suburb via Kawana Island Boulevard or Kawana Way. we cannot understand the logic in removing the heart of the Kawana electorate to the Buderim electorate and would respectfully request that the Electoral Commission reconsider the proposed changes to the Kawana electorate. Why not include Sippy downs in the Buderim electorate it is directly adjacent to Buderim and has a large population base in Chancellor Park plus huge population growth is predicted for Palmview?. Thank you for your further consideration of changes to the Kawana electoral boundaries. Paul and Rhonda Edward

Subject: Proposed Kawana Boundary
Date: Saturday, 18 March 2017 8:31:22 AM

Obj-640

To Whom it may concern,

I have just seen the proposed Kawana Electoral Boundary changes and as a long term resident of the area it appears to me to be without any logical reasoning.

When I purchased land in the area in the mid 1980's I believed I was buying in Kawana Waters but in reality it was in Minyama.

Kawana Waters is the unofficial name for the coastal stretch of land between Mooloolaba and Caloundra and is the commonly referred to name of our area.

It has the Mooloolah River as a natural northern boundary and why this needs to change to secure a larger area for Buderim is hard to fathom.

I am concerned that by moving Minyama, Buddina and Parreara into the Buderim electorate, the suburbs and residents will lose true local representation and be forced into an electorate that they have no culture of business connections to.

Residents will be forced to drive to the top of Buderim on an extremely congested road, with little or no parking, to visit their local MP which will result in less engagement between the community and its elected representative.

The Electorate of Kawana is predominately a coastal urban electorate. Buderim Falls between the business district of Maroochydore and Nambour. There is no connection between the coastal urban suburbs of Minyama, Buddina and Parreara and the Buderim electorate. These coastal based Urban communities are culturally and socially connected with Kawana. Redistributing these Kawana suburbs to Buderim will alienate the residents who strongly rely on Kawana for their work, leisure. Social, medical, community, sport, cultural and shopping needs.

Our major shopping and entertainment district is located at the Kawana Shopping world and the Kawana Waters Hotel and they should logically remain within the Kawana electorate. Kawana Shopping World also acts as a major public transport hub, linking directly with the Sunshine Coast University Hospital as well as all other bus route operating throughout the Kawana electorate.

Kawana has developed into a thriving community. We are serviced by wonderful community organisations including the Kawana Waters RSL Sub-Branch, Kawana Waters Surf Lifesaving Club, Kawana Library, Kawana Scouts, Kawana Community Centre, Kawana Rotary Club, Lake Currimundi-Kawana Lions Club, Kawana Waters Chamber of Commerce, Buddina State School, Minyama Neighbourhood watch, Kawana Companions, Kawana Seniors and Kawana Island Residents Association to name a few. These community organisations have no connection with the Buderim community and may be forced to compete with existing Buderim based organisations for funding, membership and volunteers.

Please do not move our respected, well used and much loved community organisations to Buderim

Yours sincerely

Noel Jones

I wish to strongly object to the Queensland Government trying to change the boundaries of our area to be incorporated into the Buderim electorate ,we as a community do not a single thing in common with the community of Buderim ,we live a different life style,a different thought process and we wish to remain so. We do not want to have to travel up to Buderim to see our representative the one lane traffic up there is bad enough without adding to it. What gives this Government the right to try and change the whole dynamics of a community when they have no clue how it operates, when these people start to get out of there ivory towers and spend time with the people who elect them and see how communities operate they may have a better understanding of what is important to them. Leave well enough alone ,we are very happy with the way the boundaries are thank you. I remain sincerely Rae Willis

Text:

I am strongly against the electoral boundary change that would see Rainbow Beach moved under the Noosa electorate. This would disadvantage people in the area as you have removed us from the neighbouring suburbs of Cooloola Cove and Tin Can Bay. I have lived in Rainbow beach for 5 years and do not mind the drive to Gympie for any matters such as hospital, council etc. I have never even visited Noosa and if I had to go there to see the Federal MP it would take over 2 hours, we do not even have a sealed road to take us there. I also think we would become forgotten in the scheme of things, Noosa being an up market tourist area whereas in Rainbow Beach we are a small laid back town, accommodating mostly backpackers. It seems to me that taking Rainbow beach and Inskip Point as well as waterways is more of a land grab for the Noosa Electorate and very little thought has gone into this. regards Margaret Ballantine

Dear Sirs,

We are members of Kawana Companions and Kawana Senior Citizens Inc., and on behalf of ourselves and many of our Senior friends who do not have access to a computer, we would object to the change of electoral boundaries to Buderim.

As we get older and lose our driving licences, to travel to Buderim to see our "local representative" would be a problem, and our clubs would not have a representative in Kawana.

We have great support from our MP at the moment and would not like that to change.

Lots more objections too numerous to put here ie: Our Beaches, Our Schools, Our sports grounds, Infrastructure etc etc.

Respectfully

Neil Leonard

To Whom it may concern. I must object in the strongest possible terms about the potential plan to incorporate Kawana, Minyama and Buddina into the Buderim electorate. Kawana and Co have always been and should remain a coastal continuance with its own unique requirements. At present we have a fine representative in Jarrod Bleijie who is thoroughly immersed in all aspects of our area and many of us would prefer to keep it that way. We have far more development both proposed and underway than anything happening in the Buderim area and I am concerned that any "Buderim based representative" would be totally out of touch with what would be best for us. Please leave us as we are and stop interfering with a system that is proving to work very well for our constituency. Keith Radford

Date: Saturday, 18 March 2017 11:25:51 AM

We are against a boundary change to Buderim as we live in Parrearra where most people say where is that and please spell it so when we say Kawana straight across from the Kawana Shopping Centre, K beach, K Surf Club, K Library etc etc people know straight away where we are. We love our area as it is central well known and to split us will cause lots of confusion as straight away people think of Buderim being up on the hill. Other areas of Buderim are on the flat but are defined as Mountain creek, Glenfields etc. are you going to take away their named areas?? We are defined as KAWANA and would like to keep it as that with no other fancy names. Also our main bus service is also Kawana. Please reconsider this decision.

Thank you
