3. Once you are logged in you can select to change your username. Change the username email to the email used for your EOI.

Q: I can see on the login page of QGov that I can register/login via my Google or Microsoft account – can I use this?

A: You can login to QGov using your Google or Microsoft account providing the email address you login with is the same as your EOI. If you use a different email address for your Google or Microsoft account you will not be able to see your EOI details. If you are unsure what your Google or Microsoft account details are we recommend you create a username and password and continue to use these login details every time you login to your ECQ Self Service Portal.

Q: Why won't my QGov account link to my ECQ EOI?

A: The email for your QGov account will need to be the same as the one submitted in your EOI for the two accounts to link. If you have checked that the email addresses are the same and you still can't see your EOI please contact ECQ on 1300 881 665 or at staffing@ecq.qld.gov.au and we will check your account details.
