**Submission text:** I live in Glendale having bought the land in Livingstone shire council .where I wish to remain. The Yes or No vote is between 700,000 Rockhampton voters versus 300,000 Livingstone, obviously unfair . Should the boundary change be approved it would severely affect Livingstone. Our water is provided by Livingstone. RRC would have to purchase the infrastructure. RRC raised our rates more than Livingstone during the Amalgamation, and failed to supply services such as slashing the parklands in Glendale, leading to a grass fire which threatened the Railway as well as adjacent properties . The expected overall Debt by 2030 is published as 11.9 Million for Livingstone, 17.9 million for RRC. The Mayor of RRC will not say how the Rates are to be reduced. The Boundary change requested includes Glenlee, and Glendale, neither of which currently has land for sale, and the developing, lucrative Rockyview. RRC does not want the next suburbs of Etna Creek or the Caves, neither of which have a large Rate base. Please leave the boundaries alone
