Submission text: Having lived in Rockyview since the year 2000, I have experienced life under both councils. Whilst there may not be much difference in the overarching governance from both councils, for me, it's all about my connection to the city in which I live. I live, work, play and my children are educated, in Rockhampton. Hand on heart, that's where I feel like my home is. In all honesty, I can say that I have felt displaced since the de-amalgamation occurred and I am desperately seeking the solace of feeling 'at home' again. When asked where I live, of course I say Rockhampton, but on paper, that is not true, I live in Livingstone shire and that is certainly incongruent with how I feel. I also want to highlight that my wish to vote 'yes' to the move under the Rockhampton council, isn't entirely motivated by financial implications. Because although we will be better off financially, with cheaper water fees straight away and predicted reductions in our future rates, it is more important to me that my family and I are recognised members of the community that we feel we belong in.
