The Electoral Commission of Queensland is now calling for objections to its proposed boundaries.
Please fill out the below form and return no later than **5pm Monday September 9** to:

LGCCsubmissions@ecq.qld.gov.au OR GPO Box 1393, BRISBANE QLD 4001

The Electoral Commission of Queensland is proposing to split the suburb of Camp Hill in three down Boundary Road and Whites Hill Reserve. This will mean there is an 'eastern' Camp Hill, a 'western' Camp Hill and a 'southern' Camp Hill represented by three different Councillors (none of which currently represent us).

Why is this a bad idea? As residents, our voice is always stronger when we can speak as one.

Splitting the suburb will dilute the voices of Camp Hill residents.

East, 'west' and 'south' will each have a different Councillor.

That means our favourite shopping and café precincts, recreation areas, bus stops and main roads will be split between three different representatives.

How will we keep track? And more importantly, how will our new representatives be able to keep track when they have to worry about other suburbs that have nothing to do with us?

Remember the time they tried to rename Camp Hill to Whites Hill? Because our community could speak as one, we made the politicians listen!

So what do we do?

Tell the Electoral Commission of Queensland that you don't want to see Camp Hill carved up.

The Electoral Commission of Queensland is proposing to split the suburb of Camp Hill in three down Boundary Road and Whites Hill Reserve. This will mean there is an 'eastern' Camp Hill, a 'western' Camp Hill and a 'southern' Camp Hill represented by three different Councillors (none of which currently represent us).

So why is this a bad idea? As residents, our voice is always stronger when we can speak as one.

Splitting the suburb will dilute the voices of Camp Hill residents.

'East', 'west' and 'south' will each have a different Councillor.

That means our favourite shopping and café precincts, recreation areas, bus stops and main roads will be split between three different representatives.

How will we keep track? And more importantly, how will our new representatives be able to keep track when they have to worry about other suburbs that have nothing to do with us?

Remember the time they tried to rename Camp Hill to Whites Hill? Because our community could speak as one, we made the politicians listen!

So what do we do?

Tell the Electoral Commission of Queensland that you don't want to see Camp Hill carved up.

Splitting the suburb will dilute the voices of Camp Hill residents.

'East', 'west' and 'south' will each have a different Councillor.

That means our favourite shopping and café precincts, recreation areas, bus stops and main roads will be split between three different representatives.

How will we keep track? And more importantly, how will our new representatives be able to keep track when they have to worry about other suburbs that have nothing to do with us?

Remember the time they tried to rename Camp Hill to Whites Hill? Because our community could speak as one, we made the politicians listen!

So what do we do?

The Electoral Commission of Queensland is proposing to split the suburb of Camp Hill in three down Boundary Road and Whites Hill Reserve. This will mean there is an 'eastern' Camp Hill, a 'western' Camp Hill and a 'southern' Camp Hill represented by three different Councillors (none of which currently represent us).

So why is this a bad idea? As residents, our voice is always stronger when we can speak as one.
