The Secretary
Queensland Redistribution Commission
Locked Bag 3304
BRISBANE Q 4001

Dear Secretary

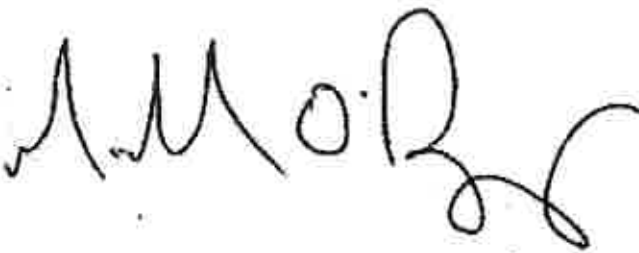

The National Party of Australia Queensland responds to the Queensland Redistributions Commission's invitation under Section 42 of the Electoral Act for written suggestions to redistribute the States 89 Electoral Districts.

The National Party submits a proposal for your consideration in determining your recommendations.

We acknowledge the competent technical and highly professional support provided by the Commission to all submitters for the preparation of submissions. It is appreciated and valued.

Thank you for considering our suggestions in your deliberations and we look forward to the recommendations.

Yours sincerely

MICHAEL O'DWYER
STATE DIRECTOR

Queensland Secretariat

1. OVERVIEW

Attached is an indicative list of Census Collection Districts that comprise the suggestions of The Nationals – Queensland for the redistribution of the 89 electoral boundaries.

The requirements of Section 46 of the Electoral Act 1992 underpin the suggestions we put before you for your consideration.

Our suggestions are within the acceptable statutory requirements for current enrolments. There are some deviations from the projected quota primarily due to significant growth.

We draw the Commission's attention to a view that in some regional cities, such as Mount Isa and other mining based regional towns, enrolments do not reflect the actual population in those communities.

For example in Mount Isa, the City Council is undertaking a Full-time Equivalent Study to determine its work force population in view of under estimation in recent Census data. Anecdotal information from the Mount Isa City Council indicates, "housing for purchase or rent is failing to meet demand", "can't get a parking spot in town", "can't build quick enough for the growing population", "new small business entities up 47% in the last 12 months." Queensland Airports Limited says Mount Isa has set a new record for passenger numbers, with more than 34,000 people passing through the terminal between August and September. It appears to us that the growth in this community is not yet reflected in enrolment figures.

The Cloncurry Shire Council is in the process of preparing to release 37 residential blocks in a new subdivision. The Council is seeking the further release from the State Government of un-allocated land for housing projects.

The current and projected enrolments for the proposed Mount Isa have been kept low deliberately. It is our view that enrolments will increase in the North West Minerals Province over the life of this redistribution.

The Nationals strongly recommend the maintenance of the five Electoral and Administrative Review Commission's established large electorates of Mount Isa, Cook, Charters Towers, Gregory and Warrego for the rationale identified by it. With the exception of the proposed Mount Isa, they are in acceptable range and as indicated above there is the prospect for enrolment growth in the proposed Mount Isa.

It is The Nationals-Queensland's belief that the essence of democracy includes fair representation for rural, regional and remote parts of the state. Ideally regional Queensland should maintain the same number of Parliamentary Representatives and that there is minimal change to existing boundaries. However, the unprecedented growth in the South East corner of the state necessitates the creation of two additional electorates in the southern corner. This inevitably means the transfer of two regional electorates into the high growth semi-urban areas in the south-east corner.

Careful consideration has been given to the regions with low enrolments to reduce the impact of the loss of two regional electorates; to protect community of interest and maintain optimum parliamentary representation for regional constituents.

This approach has resulted in the loss of the far northern and central Queensland electorates of Tablelands and Fitzroy. Tablelands has been absorbed largely into proposed Cook, Barron River and Mulgrave and Fitzroy has been absorbed into the surrounding low growth electorates of Rockhampton and Callide.

The proposed new electorates are based in the high growth areas of the Gold Coast Hinterland and the area between Brisbane and the Sunshine Coast.

We have called the proposed new Gold Coast Hinterland electorate Earle as it has within its proposed boundaries the centre of Earle Haven. The proposed electorate north of the Brisbane is named Pine recognising the surrounding pine forests.

In our suggestion the proposed electorate of Nanango takes on an east-west configuration reflecting the large Sunshine Coast growth and the declining enrolments west of the Great Divide.

In drafting our proposals we have given weight to the new Local Government boundaries and the recent Australian Electoral Commission redistribution of Federal Electorates. As far as possible we have endeavoured to recognise the communities of interest generated by these recent changes to boundaries.

We have attached an Electoral Districts Summary showing the Actual and Projected Enrolments for the proposed 89 electorates and the indicative Census Collection Districts for each proposed electorate. Included is a series of maps which show the indicative boundaries.

2. GENERAL DESCRIPTION

2.1 LARGE AREA ELECTORATES

PROPOSED MOUNT ISA, COOK, GREGORY, CHARTERS TOWERS, WARREGO

Our suggestions are identified in the enclosed indicative lists of Census Collection Districts.

The proposed electorates are in acceptable enrolment range.

A map of the proposed changes is attached.

Each of these electorates are under quota and required additional enrolments. In the instance of **Mount Isa** the suggestion is to include the current shires of Richmond and Flinders. It is our preference for the Carpentaria Shire to remain split between the proposed Mount Isa and proposed Cook to serve the community interests of the Cook focused indigenous community of Kowanyama. We acknowledge that proposed Mount Isa enrolments are low but are of the view that there is the prospect for enrolment growth as articulated in the overview of this document.

It is our suggestion, the part of **Cook** in the current Douglas Shire be transferred to proposed Barron River and from the existing electorate of Tablelands the Mareeba Shire be absorbed into proposed Cook. The majority of the Mareeba Shire is amalgamated in proposed Cook.

Referring to **Gregory**, our suggestion is that Aramac and Peak Downs Shires be excised from Charters Towers and transferred to proposed Gregory.

Charters Towers, whilst losing Richmond and Flinders Shires to proposed Mount Isa and Aramac and Peak Downs Shires to proposed Gregory, acquires additional enrolments and growth from former Tablelands territory by the inclusion of the localities of Herberton, Ravenshoe, Mt Garnett and Malanda. The McKenzie River is the southern border.

Turning to the electorate of **Warrego**, our suggestion is to transfer the Taroom Shire, currently in the electorate of Callide and from Darling Downs electorate the localities of Macallister, Jimbour East, Bell, Jandowae, Bunya Mountains, Cooranga North, Diamondy, Jinghi, Tuckerang, and Warra.

2.2 FAR NORTH QUEENSLAND ELECTORATES PROPOSED BARRON RIVER, CAIRNS, MULGRAVE, HINCHINBROOK

Our suggestions are identified in the enclosed indicative lists of Census Collection Districts.

The proposed electorates are in acceptable enrolment range.

A map of the proposed changes is attached.

As indicated in the Overview, the electorate of Tablelands has been integrated into Cook and the existing surrounding coastal electorates. The proposed Barron River, Cairns, Mulgrave and Hinchinbrook electorates have a similar regional economic and social focus.

Proposed **Barron River** is confined to the coastal area stretching from Mossman to a southern boundary, approximately Trinity Bay and the Barron Gorge.

Proposed **Cairns** shifts north slightly inheriting some of Barron River territory in the vicinity of Anderson Road. The western boundary is in the Lamb Range vicinity.

The proposed **Mulgrave** returns to an older configuration to include territory around the locality of Atherton and absorbs the majority of Redlynch from Cairns and the localities of East Barron, Kari, Tinaroo, Dambulla, and part of Barrine from Tablelands. The southern boundary is the Mulgrave River.

Hinchinbrook is substantially under quota and the proposal is to increase the enrolment by moving north to include the town of Innisfail and a section of Tablelands. The northern boundary includes the Mulgrave River; the western boundary comprises part of the Eacham and Johnston Shire boundaries and the southern boundary is Sleeper Log Creek, Althaus Creek and the Bruce Highway.

2.3 NORTH QUEENSLAND ELECTORATES PROPOSED THURINGOWA, TOWNSVILLE, MUNDINGBURRA, BURDEKIN, WHITSUNDAY, MACKAY, MIRANI.

Our suggestions are identified in the enclosed indicative lists of Census Collection Districts.

The proposed electorates are in acceptable enrolment range.

A map of the proposed changes is attached.

Enrolment growth in this area is confined to Thuringowa. Burdekin is significantly under quota.

Our suggestion is for proposed **Mundingburra** and **Townsville** enrolments to be slightly adjusted upwards from growth in Thuringowa.

The proposed **Burdekin's** northern boundary moves northward to share a common boundary with proposed Hinchinbrook. The locality of Kelso is transferred from Thuringowa to proposed Burdekin. The southern boundary remains unchanged.

Proposed **Whitsunday** is largely unchanged with the exception of a small section around Glenella transferred from the existing Mackay.

Proposed **Mackay** has minimum change gaining a small section from Mount Pleasant in Mirani.

Proposed **Mirani** sheds small territory to Whitsunday and Mackay. It absorbs additional enrolments from the Fitzroy and Keppel electorates.

2.4 CENTRAL QUEENSLAND ELECTORATES KEPPEL, ROCKHAMPTON, CALLIDE AND GLADSTONE

Our suggestions are identified in the enclosed indicative lists of census collection districts.

The proposed electorates are in acceptable enrolment range.

A map of the proposed changes is attached.

A lack of any significant growth is a feature of these electorates.

Proposed **Keppel** gains electors from the area of Frenchmans Creek from the existing Rockhampton. It sheds part of Livingstone Shire east of Yamba Road and Rossmoya Road to Mirani.

Proposed **Rockhampton** achieves its quota from the inclusion of localities of Gracemere, Mt Morgan, Bajool and Marmor and territory south to the existing Gladstone boundary formerly in the Fitzroy electorate.

Proposed **Callide** sheds Taroom Shire to proposed Warrego; gains territory from the former Fitzroy electorate.

We suggest no change to the **Gladstone** electorate.

2.5 BURNETT WIDE BAY ELECTORATES BUNDABERG, HERVEY BAY, MARYBOROUGH

Our suggestions are identified in the enclosed indicative lists of census collection districts.

The proposed electorates are in acceptable enrolment range.

A map of the proposed changes is attached.

Burnett, Bundaberg and Maryborough could pass unchanged except for the need to make adjustments for the growth in Hervey Bay. As a consequence, proposed **Maryborough** absorbs territory from the hinterland of the proposed Hervey Bay and minor adjustments are made to the proposed Bundaberg and Burnett.

Proposed **Burnett** is largely unchanged with the exception of transferring four Census Collection Districts adjacent to the northern and southern boundaries to Bundaberg and the inclusion of the township of Howard. The southern boundary is the Burrum River and Doongal Creek.

Proposed **Bundaberg** is largely unchanged with the exception of the four Census Collection Districts from proposed Burnett.

Proposed **Maryborough** includes territory from Hervey Bay in the vicinity of Dundowran Beach, Takura and Walligan.

Proposed **Hervey Bay** sheds the territory of Dundowran Beach, Takura, Walligan to proposed Maryborough.

2.6 SUNSHINE COAST ELECTORATES

PROPOSED GYMPIE, NICKLIN, NOOSA, MAROOCHYDORE, KAWANA, CALOUNDRA, GLASSHOUSE, PUMICESTONE

Our suggestions are identified in the enclosed indicative lists of census collection districts.

The proposed electorates are in acceptable enrolment range.

A map of the proposed changes is attached.

A feature of this region is the unprecedented growth in the existing electorates. As a consequence our suggestions incorporate change to all existing electorates to meet the current and projected enrolments.

Proposed **Gympie** sheds territory to proposed Noosa and the eastern boundary is Yurol Forest Drive, Porters Road and Ringtail Creek Road. The towns of Pomona and Cooroy remain in the proposed electorate of Gympie. The localities of Traveston, Cooran, Amamoor, Kandanga, Imbil and Brooloo are transferred to proposed Nanango. The northern boundary unchanged.

Proposed **Nicklin** absorbs territory from the hinterland of Maroochydore and Kawana. Proposed Nicklin sheds localities of Mapleton, Flaxton, Obi Obi, Montville, to proposed Glasshouse. Proposed Nicklin sheds the localities of Bli Bli, Boggy Creek, South Yandina Creek, South North Arm, Eerwah Vale, Belli Park, Gheerulla, Kenilworth, Kidman Creek, Coolabine, North Obi Obi, Kureelipa, Image Flat, Kulangoor, Yandina, Cooloolabin to proposed Nanango.

Proposed **Noosa** gains territory from Gympie. Proposed Noosa sheds the localities of Yandina Creek, Verrierdale, North Arm, Eumundi, Doonan, Weyba Downs, southern section of Noosaville and the south east corner of Tewantin and Tinbeerwah to the proposed electorate of Nanango.

Proposed **Maroochydore** sheds localities of Diddillbah, Kiel Mountain, Forest Glen, western side of Buderim and northern section of Mons to proposed Nicklin. It gains the eastern side of Buderim.

Proposed **Kawana** sheds south of some of Mons, north east Tanawha and south Buderim to proposed Nicklin.

Proposed **Glasshouse** sheds territory to proposed Nanango. Proposed Glasshouse gains Mapleton from Nicklin and Little Mountain and Meridan Plains from Caloundra. It sheds Campbells Pocket, Wamuran, Bellmere, Southern Moodlu, and Caboolture to proposed Pine.

Proposed **Pumicestone** sheds Caboolture South, Morayfield and Upper Caboolture to proposed Pine. It gains a small part of Morayfield from proposed Kallangur. It gains Burpengary, and the northern part of Deception Bay from proposed Murrumba.

Proposed **Pine** is created from excess enrolments in Glasshouse and Pumicestone as identified and additional enrolments from the localities of upper Caboolture, Morayfield western Burpengary and eastern Moorina in Kallangur.

2.7 PROPOSED BRISBANE NORTH ELECTORATES

See proposed Brisbane North map and indicative Census Collection Districts listings.

Our suggestions are identified in the enclosed indicative lists of census collection districts.

The proposed electorates are in acceptable enrolment range.

2.8 PROPOSED BRISBANE SOUTH ELECTORATES

See proposed Brisbane South map and indicative Census Collection Districts listings.

Our suggestions are identified in the enclosed indicative lists of census collection districts.

The proposed electorates are in acceptable enrolment range

2.9 PROPOSED GOLD COAST ELECTORATES

See proposed Gold Coast map and indicative Census Collection Districts listings.

Our suggestions are identified in the enclosed indicative lists of census collection districts.

The proposed electorates are in acceptable enrolment range.

The proposed new electorate of **Earle** draws its quota from the hinterland of the Gold Coast. It absorbs localities of Ashmore, Clagiraba, Gaven, Guanaba, Maudsland, Molendinar, Mount Nathan, Nerang, Wongawallen from Gaven. It gains localities of Carrara, Merrimac, and Nerang from Mudgeeraba. It gains localities of Clear Island Waters, Merrimac and Robina from Robina.

2.10 PROPOSED IPSWICH ELECTORATES

IPSWICH, IPSWICH WEST, BUNDAMBA, LOCKYER, BEAUDESERT

See proposed map and indicative Census Collection Districts listings.

Our suggestions are identified in the enclosed indicative lists of census collection districts.

The proposed electorates are in acceptable enrolment range.

Proposed **Lockyer** gains the localities of Atkinsons Dam, Biarra, Buaraba, Coominya, Esk, Glen Esk, Lake Wivenhoe, Moombra, Mount Hallen, Patrick Estate, Redbank Creek, Wivenhoe Hill, Clarendon, and Mount Tarampa from Nanango. It gains the localities of Ashwell, Calvert, Clarendon, Coolana, Grandchester, Lanefield, Lowood, Marburg, Minden, Patrick Estate, Prenzlau, Rifle Range, Rosewood, Tallegalla, Tarampa, The Bluff, Woolshed from Ipswich West. It sheds the localities of Jimboomba, South Maclean to Beaudesert. It sheds the localities Greenbank, New Beith to Bundamba.

Proposed **Beaudesert** sheds the localities of Cedar Creek, Logan Village, Stockleigh, Tamborine, Yarrabilba to Logan. It gains the localities of Jimboomba and South Mclean from Lockyer.

2.11 PROPOSED TOOWOOMBA REGION ELECTORATES TOOWOOMBA SOUTH, TOOWOOMBA NORTH, SOUTHERN DOWNS, CUNNINGHAM, DARLING DOWNS, NANANGO

See proposed map and indicative Census Collection Districts listings.

Our suggestions are identified in the enclosed indicative lists of census collection districts.

The proposed electorates are in acceptable enrolment range.

Proposed **Toowoomba South** gains Athol, Westbrook, south east Biddeston, Wellcamp, Gowrie Mountain, Charlton, south Gowrie Junction and west Kingsthorpe from Darling Downs. It gains from proposed Lockyer eastern Postmans Ridge, Helidon Spa, Iredale, Flagstone Creek, Derrymore, Blanchview, southern Withcott, Silver Ridge, upper Flagstone, north east Preston and western side of Stockyard. It sheds two census collection districts south of McKenzie Street in Alderley to Cunningham.

Proposed **Toowoomba North** gains Meringandan, Kleinton, Cabarlah, Geham, Mount Luke, Hampton, North Palm tree, Perseverance, Ravensbourne, Crestbrook Creek, Peechey, Crows Nest, Wichello, Plainby, Eastern Douglas, Southern Pinelands from Darling Downs. It gains Redwood, White Mountain, Fifteen Mile, Murphys Creek, Upper Lockyer, Lockyer, Postmans Ridge, Withcott and Ballard from proposed Lockyer.

It is our suggestion that there be no change to **Southern Downs**.

Proposed **Darling Downs** sheds localities of Umiran, Wyreema, Cambooya, Southbrook, Felton to Cunningham. It sheds previously identified localities to Toowoomba North and previously identified localities to Toowoomba South. It sheds the localities of Macalister, Jimbour East, Bell, Jandowae, Bunya Mountains, Kooranga North, Diamondy, Jinghi, Tuckerang and Warra to proposed Warrego. Proposed Darling Downs gains the localities from former Nanango - Avoca Vale, Bell Thorpe, Benarkin North, Benarkin, Biarra, Blackbutt North, Blackbutt South, Blackbutt, Boorobin, Brooklands, Bryden, Bunya Mountains, Caboonbah, Cedarton, Coal Creek, Colinton, Commissioners Flat, Cooeimbardi, Cooyar, Cressbrook, Crossdale, D'Aguiar, Delaneys Creek, Dundas, Ellesmere,

Eskdale, Fulham, Gilla, Glenfern, Gregors Creek, Harlin, Hazeldean, Ivory Creek, Jimna, Kilcoy, Kooralgin, Lake Wivenhoe, Linville, Lower Cressbrook, Maidenwell, Monsidale, Moore, Mount Archer, Mount Beppo, Mount Byron, Mount Delaney, Mount Kilcoy, Mount Mee, Neumgna; Neurum, Nukku, Ottaba, Pimpimbudgee, Royston, Sandy Creek, Sheep Station Creek, Somerset Dam, Stanmore, Stony Creek, Taromeo, Tarong, Teelah, Toogoolawah, Upper Yarraman, Villeneuve, Wengenville, Westvale, Winya, Woodford, Woolmar and Yarraman.

3. NAMING OF ELECTORATES

Eighty seven of the eighty nine proposed electorates retain their existing names.

The proposed new electorate south of Brisbane is named Earle. It incorporates the centre of Earle Haven. The name of Earle recognises the contributions of Arthur Earle to the development of the Gold Coast hinterland the establishment of community centres, his philanthropy particularly the Arthur Earle Youth Foundation.

The proposed new electorate north of Brisbane is named Pine in recognition of the significant pine plantations in the area – such as the Beerburrum 20,000 hectare Exotic Pine Plantation.

Submission re electoral boundary redistribution

I have given considerable thought over the last few years to this matter.

In order to align boundaries in Far North Queensland and Queensland generally, via the criteria set out by the Electoral Commission, the following should be considered:

- Regional cities and towns are quite different in nature to large suburban tracts in the greater metropolitan area of Brisbane. People have fewer transport options and distances to be traveled are frequently greater. Therefore attention to natural geographical features and patterns of travel such as to do shopping are more important in country areas.
- Barron River electorate (northern suburbs of Cairns) currently misses out the important last few suburbs of Cairns, relegating them to representation along with quite different groups such as Thursday Islanders who live half the length of Queensland away.
- Barron River should be extended to take in suburbs up to and including Ellis Beach, which is the furthest extent of suburban Cairns bus routes.
- The northern boundary of Cairns electorate needs to be shifted slightly north to include the last parts of Edge Hill and Whitfield. These suburbs are almost completely located in Cairns but small parts are represented by Barron River which is over a mountain and difficult to reach by public transport from these areas. Additionally, important civic facilities such as the Botanical Gardens precinct is cut in two by this illogical division.
- The southern boundary of Cairns electorate needs 'tidying up'. Streets off Anderson Road are almost completely in Cairns, but some houses at far ends are in Mulgrave as they were built after the boundary was drawn. The boundary is very difficult to describe at present, even by local electoral commission officers. It should be aligned to take in the extremities of all streets running from Anderson Road.
- If additional numbers are required in Cairns after the above suggestions, the northern side of Foster Road would be one logical boundary.
- If Cook needs to expand, it would be preferable to include the drier northern extremities of the Atherton Tablelands i.e. Mareeba (any area north of Rocky Creek. The Industries, environmental and cultural issues are continuous from Mareeba into the Cape and as such are much more aligned than incorporating the beach suburbs of Cairns in Cook.
- With the extension of Cook into the Tablelands electorate, Tablelands could conceivably extend further south to absorb part of Hinchinbrook which could be disbanded altogether. This would leave Innisfail cut into 2 electorates instead of 3.

These suggestions will be expanded in the next round of submissions. I believe as a long term resident of Cairns, actively involved in the community that many locals in FNQ would agree with these proposals and I urge the Commissioners to consider seriously the possibilities as outlined.

SUBMISSION FOR QUEENSLAND STATE ELECTORAL
REDISTRIBUTION

ALTERATION TO ELECTORATES OF SPRINGWOOD /
REDLANDS

FROM DAVID WILLIAM JOHN BEARD

1 FRANCESCA COURT, UNDERWOOD

3342 5823

PRC/524

**SUBMISSION FOR QLD STATE ELECTORAL REDISTRIBUTION
ALTERATION TO SPRINGWOOD / REDLANDS**

**THAT THE ELECTORATE OF SPRINGWOOD'S EASTERN BOUNDARY
EXTEND EAST TO INCLUDE ALL OF DIVISION 10 OF LOGAN CITY
COUNCIL INCORPORATING CORNUBIA AND CARBROOK.**

At the close of roll Saturday 19th August 2006

Springwood was (2.96%) under the average district enrolment

Redlands was 8.44% over the average district enrolment

In helping to address these variances

**I propose the Springwood electorate extend East incorporating Cornubia and
Carbrook.**

**Cornubia and Carbrook are in Logan City Council local government area not
the Redlands City Council. At this point of time a third of Logan's division 10 is
in Springwood; two thirds of division 10 is in Redlands. I propose that all of
division 10 be in the electorate of Springwood.**

**Following is the Logan City Council Electoral Commission of Queensland map
dated 15th September 2007 for reference.**

**Therefore the Eastern boundary of the Springwood electorate would move from
the imaginary north-south line Bryants Road (St Matthews School) & east side
of Vanistari Court to**

Serpentine Creek north-south (east of Dee Court to the Logan River).

**The new eastern boundary of the Springwood electorate would be the same line
as the Logan City Council / Redlands City Council boundary.**

**This alteration would also bring this line into sync with the distribution area of
the local quest newspaper.**

**The residents of Cornubia and Carbrook also have a very close association with
the shopping and business precincts of Springwood and Loganholme (in the
Springwood electorate). Nearly all of the people I know that live in these suburbs
go to Springwood and Loganholme for services etc. The principal population
centres in the Redlands are a much greater distance from Cornubia and
Carbrook.**

**Therefore I believe it to be common sense for Cornubia and Carbrook to become
part of the Springwood electorate. Thank you for your consideration.**

Yours Faithfully

David W.J Beard
