**Submission text:** As a Livingstone Shire resident and ratepayer, I am well aware that we suffer very high rates, the second highest in Queensland I believe. Anything that will raise these already extremely high rates is something I object to vehemently. The fact that these three suburbs have been in Livingstone Shire Council area for well over 100 years should also weigh heavily on the decision. I believe we also suffered financially (and continue as debt is repaid) as a result of the de-amalgamation from Rockhampton Regional Council, so any change that financially benefits RRC ratepayers, and adversely affects LSC ratepayers, is something that I view as detrimental to me, and all other LSC ratepayers, as well as renters, for any rate increase (inevitable and substantial if this change proceeds) can only increase already high rental rates in this area. For these reasons, I am very much against any change to the Council boundaries.
