**Submission text:** Don't change any boundary. One council cannot cherry pick from another. There are closer suburbs such as Nerimbera that RRC is not interested in. There are are other potential growth areas within the current RRC boundaries Why should RRC claim the proposed areas as their growth corridor when it is already LRC growth corridor Many many many other locations share council boundaries where residents use facilities and work in neighbouring council areas - this is not an excuse for RRC to take LRC suburbs I would suggest a re-amalgamation with a completely new elected team if the two councils cannot work side by side

**File upload:** No file uploaded ()
