Submission text: There is absolutely no good reason to change the status of our region..it is a diverse geographical and cultural place with many towns and suburbs making it such. For our current elected council to dismiss the wants and needs of the people they purport to represent, is a gross overstepping of their mandated powers. The terminology and Infrastructure of our region should remain as it is without grandiose ideals of those seeking to change it. The people of the region would be better served with a council who works with a dynamic approach for the betterment of everyone's futures and ensures our region is a showcase of what can be achieved
