Subject: Boundry Changes between Livingstone and Rockhampton Councils
Date: Wednesday, 22 June 2022 11:30:00 AM

I would like to strenuously object to the Boundry Changes to Livingstone A available rates areas to the North of Rockhampton . This will cause insurmountable pressure on the people that live in the Shire with these areas shifted to Rockhampton along with the ADF acquisitions of large Parcels of land in the Shoalwater Bay area that will leave a Huge loss of revenue to the Rates base of the Shire which is detrimental to thousands of rate and tax payers in the region . When we where amalgamated some years ago it was working to a degree But [REDACTED] we where pushed into Deamalgamation by a survey/petition with signatures from every corner of Australia and overseas .This left us after paying the associated Costs left the Shire Floundering with Finances even today our Country Roads are atrocious Even The School Bus Routes are Borderline Dangerous with virtually NO real maintenance being done due to NO Money If this Boundry Change going ahead it will leave Livingstone in a Hole it will not recover from and will cost millions to try and rectify and a possibility of Bank Rupture I ask that this Boundry Change doesn't go ahead as for above reasons along with many more

Yours Faithfully
